

## QC Mini Weekend Donations

Donating miniatures to QC is a great way to recycle miniatures that you no longer want and a great way to support QC financially, allowing us to continue to offer great programs like our mini weekend at a huge discount to our members. For our mini weekend, we're soliciting donations for:

Our online auction--these must be quarter scale and can be finished items, unopened kits or tools and supplies. We'll offer lower valued items in our Buy-It-Now auctions and higher valued items in our regular auctions.

Our no-charge raffle--these must be quarter scale but can be finished items or unopened kits. These are typically higher end items.

Door Prizes--these must be quarter scale and can be finished items or unopened kits. These should be valued around \$10.

Send your donations before September 15th to Janet Smith at:

If you have a preference for where to use your items, please include a note with the items. If not, we'll use your donations where we need them. If we happen to get more items than we need for the mini weekend, never fear. We'll hold them for future auctions and prizes!
