

Fried Chicken or Fish

Supplies: Sawdust, glue, toothpick, rusty color paint, wax paper.

Twirl the tip of a toothpick in glue and twirl it in sawdust. Put the little glob on wax paper and sort of nudge it into a chicken looking glob (I dare anyone to make a wing). Make lots of little globs and let them dry. Make a puddle of watered-down paint (this is Light Cinnamon but different wood/sawdust might need a different color). Roll the globs in the puddle and set aside to dry. Add to a plate and enjoy.
