

## WALL SCONCE

By Michelle Miller

### Supplies

Pin

Clear Square bead - you could use a round bead also

Small bead cap

Jewelry finding (shown in the finished picture)

Paint the jewelry finding, pin (just the half with the head) and small bead cap white.

When dry paint the color of your choice. I used colored nail polish.

Once dry, glue the square bead to the pin and then the jewelry finding. Bend the pin so the light hangs down and add the bead cap. Cut the pin a bit longer than the bead cap. Drill a hole in the house, slide in the pin and glue it all to the house.
